## ZIEGLER delivers GW-L 1 to the fire department of Giengen – Deployment department Hohenmemmingen

Giengen, 02. Juni 2020 – The voluntary fire department Giengen receives a new firefighting vehicle from the local Albert Ziegler GmbH. On the “National Holiday” of the city of Giengen/Brenz, June 2<sup>nd</sup>, 2020, Albert Ziegler GmbH in Giengen handed over the new vehicle. In order to fulfil their diverse tasks, fire departments need more and more equipment and devices that cannot be accommodated in conventional firefighting vehicles. With the equipment vehicle for hazardous material, the fire department now has a vehicle at its disposal which on the one hand has a large volume in the equipment compartment and on the other hand offers a system rack for firefighting equipment. Up to 6 roll containers can be loaded. The UP4, which was also newly delivered, is also loaded on a special roll container. The complete technical data of the vehicle can be found on the last page.

Under normal circumstances the children's festival which takes place annually on Whit Tuesday, would have been celebrated this year on June 2<sup>nd</sup>, 2020. However, due to the current situation around the Coronavirus, this traditional and for the citizens of Giengen very important event had to be cancelled. Nevertheless, the fire department and the town of Giengen have a reason to be happy. The new vehicle will be officially handed over to the voluntary fire department of Giengen on this day. The vehicle was manufactured at the ZIEGLER location in Rendsburg and finally transferred to the ZIEGLER plant in Giengen.

There the handover took place on June 2<sup>nd</sup>, 2020. The mayor of the town of Giengen/Brenz, Dieter Henle, was also present at the handover:

front (from left to right): Mr. Hans Mayr (Sales Manager Germany at ZIEGLER) and Mr. Dieter Henle (mayor of the city Giengen a. d. Brenz)

back (from left to right): Mr. Daniel Martin (Project Manager at ZIEGLER), Mr. Hans-Frieder Eberhardt (Commander fire department Giengen), Mr. Martin Kröner (Deputy Commander fire department Giengen), Mr. Martin Roth (Department Commander Operations Hohenmemmingen) and Mr. Heiko Weber (Field Representative at ZIEGLER)

"It is always a great occasion when firefighters take over new vehicles for their voluntary work in the field of public safety. Our new equipment vehicle was produced by ZIEGLER, a traditional company and cooperation partner of our city! I am pleased that our close cooperation is exemplary in every respect" says Henle. The voluntary fire department of Giengen also works closely with Albert Ziegler GmbH and its plant fire department. If the fire department is called to an operation and is "in need of help", employees of Albert Ziegler GmbH who work at fire departments as well can support and help out, whereby the plant fire department is responsible for the supply of the firemen to the Giengen fire department. Further cooperations between Albert Ziegler GmbH and the city of Giengen are for example a partnership with the municipal kindergarten Memminger Wanne and with the schools in the surrounding area.

From left to right: Mr Martin Kröner (Deputy Commander fire department Giengen), Mr Martin Roth (Department Commander Operations Hohenmemmingen), Mr Hans-Frieder Eberhardt (Commander fire department Giengen) and Mr Dieter Henle (mayor of the City of Giengen a. d. Brenz)
