BIG ORDER FUJIAN.

WE INTRODUCE OUR PARTNERS.

SUCCESS STORY „BEILNGRIES“.

EXPERIENCE IS SECURITY.

Fire brigades in many different industries often face challenges when protecting the plants. For these tasks vehicles with exceptional requirements are needed. With the experience from numerous successfully realized customer projects, ZIEGLER is developing and configuring custom-made vehicles. The quality of ZIEGLER products guarantees highest reliability, maximum vehicle availability and therefore the highest possible security for persons and infrastructures in critical operations.

Ziegler

ZIEGLER-NEWS.

10/11 / 2015 //

EDITORIAL.

Dear Ziegler-News readers,

In this edition you will read many interesting stories of the Ziegler Group.

Team spirit has a special meaning for Ziegler. Our colleagues in the Netherlands represented Ziegler at a major sport event.

The interest in a professional future at Ziegler is very large. To inform future trainees in detail about our company, we were represented at the education fair this year again.

We wish you lots of fun reading and are very pleased if you send us a great story.

The Board of Management

WE CELEBRATE THE BEST TRAINEES 2015

On November 4, 2015 the best trainees of East Württemberg were honored for their special achievements.

One trainee of Ziegler is also in the elite of the top trainees. Oliver Lauber (Mechatronics) received a commendation (Grade 1,8) presented by the Chamber of Commerce - Managing Director Klaus Moser.

A solid education is the basis for a good start into the professional life.

We wish Mr. Lauber all the best for his further career at the Albert Ziegler GmbH.

(U.Färber, P-TW)

KINDERGARTEN SYRGENSTEIN AT ZIEGLER

The children of the kindergarten Syrgenstein were allowed to visit the Albert Ziegler GmbH and get to know where the fire fighting vehicles are manufactured. Mr. Karl-Heinz Winkler explained all details about the origins of the fire hose and pumps to our small guests and their teachers in the historical exhibition. At the end of it there was a special experience for the children to have the possibility to sit in a fire truck and to let the siren sound.

(K.-H.Winkler, MKT)

EDUCATION FAIR HEIDENHEIM

On October 07, 2015 the Albert Ziegler GmbH participated in the education exhibition in Heidenheim. This was the best occasion for interested people to get informed about a future career at Ziegler.

No matter whether a apprenticeship for mechatronics or a dual course of study, Ziegler offers a variety of possibilities.

(J.Peternichl, HR)

PATTERN APPROVAL FOR HESSEN

On October 26-29, 2015, the first vehicle of 50 LF 10 KatS for Hesse was approved in Giengen.

The vehicle has been tested on the four days through its paces and the production release of the vehicles has been granted by the Ministry of the Interior.

Also an attempt of tipping was performed to demonstrate the stability of the vehicle. This test was conducted on the test site of EvoBus in Neu-Ulm. The customer's required values were exceeded significantly.

The fire brigade of Mittenaar is already looking forward to its new vehicle.

(T.Quintenz, PDM)

VISSER LEEUWARDEN AT THE PMR EXPO MESSE IN COLONGE

From November 24 to 26, 2015 the 15th PMR Expo was held in Cologne.

This leading international trade fair shows professionelle mobile (radio) communication and control technology, and is one of the largest exhibitions of its kind in Germany.

Visser-Leeuwarden is represented with the newest build command

and control vehicle for the city Leer in Germany. This special vehicle was build in close cooperation with Sinus-Message technology.

We were very pleased with the numerous visitors. Our employees have declared the vehicle and the possibilities of mobile communication and their functionality to visitors in detail.

(H.van Ommen, Visser)

6 NEW LF 10 FÜR FOR THE FIRE BRIGADE BIELEFELD

The fire brigade of Bielefeld welcomes 6 new LF 10 vehicles with the Ziegler security cab Z-Cab new generation.

The vehicles are built on MB Atego chassis 1323 AF and meet the EURO 6 standards.

- Engine: 170 KW / 231 PS
- Wheelbase: 3,860 mm
- Tank: 1,200 l of water

Two of the six vehicles were produced with a special height of 3,050 mm due to other signal installation and roof lighting upon customer request.

We are happy about this order and would like to wish them always a safe trip!

(V.Frisch, GS)

Web: www.danapayeh.com

FACTS ABOUT OUR BUSINESS:

Our business focus: Oil and Gas, Environment, and Fire fighting and Rescue sector

Our CEO: Mohammad Mobasher

Our number of employees: 52

NICE TO KNOW:

Success Story with ZIEGLER: Revitalizing Ziegler brand in Iran

Typical saying for our region: „Human beings are members of a whole, in creation of one essence and soul. If one member is afflicted with pain, other members uneasy will remain. If you've no sympathy for human pain, the name of human you cannot retain!“
(translation of a poem from SA'ADI 13th century)

NEW PRODUCTION LINE FOR A BIG ORDER

For the project „Fujian“ Ziegler installed a new production line for the production of 40 TLF-80-180. The vehicles are adapted to the CCCF standards to be approved for the Chinese market.

We are very happy about this order!

SUCCESS STORY ZIEGLER

At the opening of the fire action week in Beilngries, Eichstätt (Bavaria) on the September 22, 2015, the new vehicles of this region were proudly demonstrated.

One TSF for the fire brigade Zandt on an Opel Movano, a TSF-W for the fire brigade Hirschberg on an Iveco Daily chassis, a MLF for the fire brigade Ochsenfeld on a MAN-TGL, as well as a HLF10 for the fire brigade Pollenfeld.

A strong performance:
The „Ziegler fleet“.

We would like to thank our customers for their confidence.

(P.Mödl, HV)

ZIEGLER - „ADVANCER“ FLF 60/120-14,5+250P

Mihail Kogălnicean International Airport, Constanta, Romania

On November 17, 2015 Ziegler d.o.o delivered a „ADVANCER“ FLF 60/120-14, 5 + 250 to the Romanian international airport of Constanta. The vehicle is according to the relevant ICAO requirements. It is build on a VOLVO chassis FMX 540 6 x 6 with original VOLVO driver's cab.

(T.Badari, Ziegler d.o.o.)

DELIVERY OF 11 TLF 20/70

On October 22, 2015 the Croatian Ministry of Economy and Fire brigade commanders from all over Croatia came to Ziegler in Zagreb to take over their new eleven TLF 20/70 vehicles.

The vehicles are build on Mercedes Benz Atego 1524 K chassis, and are equipped with 7000 liter water tanks, suitable for transferring drinking water, as well as with a winch for rapid output with 200 l/min at 35 bar. The Ziegler fire fighting pump FPN 10-2.000-1HH and basic equipment for interventions is installed in the TLFs.

The Minister's Assistant explained that although the Ministry is the final owner of the vehicles, they will belong to voluntary fire brigades during the next 4 years, with possibility of prolongation.

Compliments for the organisation came from both the Ministry of Economy and representatives from Mercedes Benz, and have once again proven that Ziegler d.o.o. made an effort to make this occasion memorable for all participants.

After signing the contracts, fire brigade commanders took the vehicles to their home towns, where they proudly presented them to the community.

(T.Badari, Ziegler d.o.o.)

CHINA FIRE IN BEIJING

On October 20 - 23, 2015 the 16th China Fire Expo took place at the International Exhibition Center in Beijing China. 601 manufacturer of fire trucks and firefighting equipment from over 20 countries and regions all over the world presented their latest products. The Albert Ziegler GmbH appeared together with Sichuan Morita fire safety appliances co. Ltd. and Cuilian China Fire Fighting Equipment Manufacturing Co. Ltd. for the first time in cooperation with China Fire Safety Enterprise Group Limited (CFE).

The Ziegler vehicles TLF 30/30-1 with CAFS and the Z-Cab security cabin on a C & C chassis, as well as a Z6 - FLF 80 and the TMB 48 got the full attention of the visitors.
