Success in Saxony-Anhalt

ZIEGLER receives order for 25 vehicles

Giengen, April 2025 – After the order for 9 Equipment Vehicle Hazardous Materials (GW-G), the state of Saxony-Anhalt once again relies on proven ZIEGLER quality. In March 2025, ZIEGLER was awarded the contract for a state tender by the Saxony-Anhalt Central Services Police Inspectorate. As part of this contract, Albert Ziegler GmbH will supply a total of 25 firefighting vehicles based on a MAN TGM chassis to fire departments throughout the state.

The following vehicles were ordered:

- 10× LF 10 Pumper
- 10× HLF 10 Pumper
- 4× LF 20 Pumper
- 1× LF 20 Pumper Disaster Response

The state of Saxony-Anhalt continues to be convinced of the quality of the robust ALPAS system and the unique user-friendliness of the latest generation of Z-Control.

Working with the new vehicles will take technical assistance, firefighting and disaster control to a whole new level for the emergency services working in Saxony-Anhalt in the future.

The vehicles will be delivered by January 2027.

“We would like to thank the state of Saxony-Anhalt for the trust they have placed in us and look forward to continuing our successful collaboration,” explains Marcus Kulick, Area Sales Manager at Albert Ziegler GmbH. “The award once again confirms the high quality and reliability of our vehicles as well as the close partnership with the local fire departments.”
