## ZIEGLER signs maintenance agreement for 57 vehicles with Safety Region Groningen

Groningen, December 2021 – ZIEGLER received an order for the preventive and corrective maintenance of 57 firefighting vehicles of the Safety Region Groningen (VRG).

From January 2022, ZIEGLER will maintain and inspect all firefighting vehicles, rescue vehicles and portable pump trailers. In addition, the pumps get an annual pump test and all front winches will be checked annually. Thus, ZIEGLER supplies the VRG with all necessary services and spare parts to ensure a reliable fleet and to guarantee the availability of the emergency vehicles.

"In the last years, we were allowed to maintain the 18 ZIEGLER vehicles within the Safety Region Groningen. We are very happy that ZIEGLER can now serve all firefighting and rescue vehicles in our "home" region", says Mélaro Kraan, Account Manager After Sales at Ziegler Brandweertehniek B.V.

### Safety Region Groningen

The Groningen Safety Region is in charge of the fire services in 10 municipalities. This will be done from 39 posts with approximately 90 professionals (city) and approximately 750 volunteers.
