We are ZIEGLER

As a future-oriented group, the ZIEGLER Group focuses on long-term business based on performance, reliability and sustainability.

A firefighting vehicle is an investment in the future. To ensure that this investment pays off for our customers, we guarantee the highest level of quality and innovation. That means: perfect craftsmanship, outstanding stability, optimal corrosion protection and flexibility for individual customer requirements.

This is complemented by our extensive range of firefighting equipment and components, which also meet the highest quality standards.

We provide security.

Our brand promise makes clear what ZIEGLER stands for: We see the protection of public security as our ultimate objective. In order to accomplish this task, it is our motivation and our approach to offer the best and most competitive portfolio of firefighting and emergency management solutions. We assume responsibility with respect to customer requirements and their satisfaction.

Z-RC

Our Rolling Containers

The right concept for every application

High load capacity of **500 kg** for optimized handling

Stable and durable construction made of high-strength aluminum profiles

Maximum modularity

Chassis with two swivel casters and two fixed casters with internal drum brakes

Dead man's brake, controlled via high-quality stainless steel Bowden cable

Ergonomically shaped, energy-saving **control unit**

Optimized contour marking for maximum visibility in the dark

Certified quality

- Ergonomic design
- Use of high-quality materials
- Manufactured in accordance with current AGBF guidelines
- Made in Germany

Safety in series production

Profiles

Modularity enabled by high-strength aluminum screw channel profiles

Swivel casters

Two ball-bearing swivel casters Ø 200 mm for optimal maneuverability

Fixed casters

Two ball-bearing swivel casters, Ø 200 mm, with drum brakes and dead man's switch

Brake control unit

Ergonomic and continuous grab rail in RAL 3024 (luminescent)

Parking brake

Can be operated with the foot, acting on both swivel casters

Direction lock

Can be operated with the foot, on both swivel casters

Reflectors

Reflective markings in all directions ensure optimum visibility

Wooden screen printing plate

Weather-resistant and non-slip wooden screen printing plate, 12 mm thick

Rolling Containers

The optimal product package

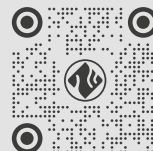

Optimal combination: Thanks to the ZIEGLER GW-L with lowerable side walls, our rolling containers are quickly on site. As shown here, for example, with the Z-RC **Portable Fire Pump** and Z-RC **Mesh Box**.

Equipment example Z-RC **Portable Fire Pump**

- ZIEGLER Ultra Power 4 portable fire pump
- Portable fire pump tool kit
- Exhaust hose, 50 mm, 1,500 mm
- Four suction hoses A110-1600-K 14810
- Two ZIEGLER Leuchtfuchs K3L B75, 20 m
- Multi-purpose rope with wooden toggle
- Multi-purpose rope with carabiner
- Two Storz ABC coupling spanner
- Hydrant standpipe 2xB DN 80
- Hand wrench B DIN 3223
- Hydrant socket wrench C
- Collecting piece A-BB DIN 14355
- Suction basket size A-110, made of LM
- Wire protection basket

Well-designed storage options

Variety of features

Optional for your needs

Z-Connect 

All-round connectivity
Z-Connect offers connectivity for almost all ZIEGLER products and is complemented by an extensive hardware and software portfolio.

Z-Connect Asset TAGs also allow ZIEGLER roll containers to be fully connected with the vehicle's gateway, making them visible on the digital location map and traceable at any time.

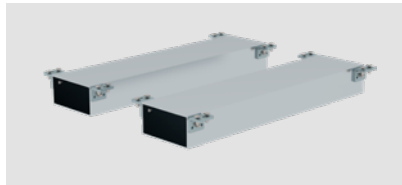

Crane eye

- For crane loading of roll containers
- Galvanized steel ring eyelet, aluminum support block
- For front mounting on system profile (80 x 40 mm)

Transport safety device for Z-RC Breathing Air Cylinders

- Foldable lid
- Can be used as a storage table when unfolded
- Table surface equipped with anti-slip mat and surrounding frame
- Rolling containers can also be moved with the table folded up

Forklift pockets

Forklift pockets made of continuous aluminum square tubing

Four swivel casters

For even greater mobility and maneuverability in use

The right concept for every application

Z-RC Portable Fire Pump

Z-RC Ventilation and aeration

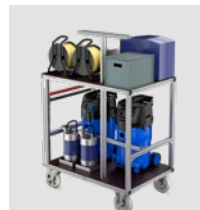

Z-RC Breathing Air Cylinders

Z-RC Lighting

Z-RC Mesh Box

Z-RC Water Damage

Z-RC Hose Bends

Z-RC Flood
