ZIEGLER wins four iF DESIGN AWARDS 2021

Giengen, 19.04.2021 – ZIEGLER has won this year's iF DESIGN AWARD and is thus one of the award winners of the world renowned design prize. The products Z-Class, Z-Cab AiR, Z-Turret and ALPAS were awarded in the discipline Product and the category Automobiles/vehicles.

Z-Control of the latest generation has already been nominated for the UX Design Awards in 2020. The iF DESIGN AWARD is presented once a year by the world's oldest independent design institution, iF International Forum Design GmbH in Hanover.

All four products won over the 98-member jury, made up of independent experts from all over the world, with their innovative design, ease of use and differentiation. The competition was intense: almost 10,000 entries were submitted from 52 countries in hopes of receiving the seal of quality.

Further information on the products can be found in the iF WORLD DESIGN GUIDE:

Z-Class

Z-Cab AiR

Z-Turret

ALPAS

The Z-Class (see picture) combines all award-winning products. Equipped with the crash-tested crew cabin Z-Cab AiR, the new Z-Turret and the latest-generation of ALPAS, the Z-Class impresses not only with its modern and innovative design, but also with unprecedented acceleration values, the most powerful engine on the market and much more.

About the iF DESIGN AWARD

For 67 years, the iF DESIGN AWARD has been recognized as an arbiter of quality for exceptional design. The iF label is renowned worldwide for outstanding design services, and the iF DESIGN AWARD is one of the most important design prizes in the world. Submissions are awarded in the following disciplines: Product, Packaging, Communication and Service Design, Architecture and Interior Architecture as well as Professional Concept, User Experience (UX) and User Interface (UI). All awarded entries are featured on the [iF WORLD DESIGN GUIDE](#) and in the [iF Design App](#).
